SPRINT DELIVERY PLAN

Date	17 OCTOBER 2022
Team ID	PNT2022TMID54096
Project Name	Industry-specific intelligent fire management system
Maximum Marks	4 Marks

	October		November	
	(24 - 29)	(31 - 05)	(07 - 12)	(14 - 19)
Project planning phase	Sprint 1	Sprint 2	Sprint 3	Sprint 4

Analysing the problem statement

Listing the requirements

Develop the code for Gas and Flame sensors

Testing the code

Calculating the temperature using humidity sensor

Testification of the random output variables

Integration of Gas Flame and Temperature sensors on IBM cloud

Testing the code

Manipulation of code for receiving alert message

Testing of the code using random variables
